

# Shaurya Dhaka

## Full Stack Web Developer

### PROFESSIONAL SUMMARY

Dynamic Full Stack Web Developer leveraging expertise in JavaScript, MERN stack (MongoDB, Express.js, React.js, Node.js), and RESTful API design. Collaborative mindset, strong problem-solving skills, and attention to detail to create functional and scalable web applications. Proactive and self-motivated with a commitment to continuous learning and software excellence.

### PROJECTS

#### 1. E-commerce website | |

**React | CSS | Chakra UI | HTML | JavaScript**

- Developed a dynamic and user-friendly e-commerce website with a focus on delivering a seamless shopping experience.
- Implemented secure user authentication with sign-up and login functionality.
- Incorporated search functionality and sorting options for efficient product browsing.
- Designed detailed product views and related product suggestions to enhance user experience.
- Managed shopping cart functionality with the ability to add, view, and remove items.
- Integrated a secure checkout process with shipping information input and payment gateway integration.
- Ensured responsive design for seamless user experience across devices.
- Implemented a user account dashboard with order history and profile management features.

#### 2. Bitrix24 clone | |

**React | CSS | JavaScript | GitHub | Chakra UI**

- Developed a robust task management application using React, HTML5, and CSS3 within a 7-day timeframe.
- Implemented features encompassing task creation, server-side task addition, and user authentication through login and signup routes.
- Proficiently utilized Git for version control.
